

Acting Treasurer's Report

I have had to raise some issues to do with the regional funding process with the BCA Finance Committee. I think this is partly because people aren't fully aware of how the process should operate. There hasn't been a meeting of the Finance Committee for a long time, so I intend to call one to move these issues forward.

Officers, if there are any expenses to be claimed can you please let me have them ASAP. A copy of the expense form is available on the Documents page of the website.

The role of Treasurer is vacant. It is a vital role to the functioning of CSCC. If anyone thinks they can help, please step forward.

Webmaster's Report

I'm still investigating Discourse (see <https://www.discourse.org>) the mailing list / forum combined. It has taken longer to configure than I had expected. I will mail out details to the Reps. for feedback.

I'm willing to stand again as Webmaster.
